Dear Corey Gray,

This letter is being sent with my application for the position in your organization in the Information Technology area. With one years of experience in your organization, I am confident in my ability to work in areas such as website development, digital marketing, etc. My skills include staying up to date with the latest trends in video editing, graphic design, etc. I am passionate about delivering the results you expect and exceeding your goals, and I believe that my expertise will be a valuable addition to your team.

Thank you for taking the time to review my resume. I look forward to speaking with you.

Sincerely,

Tharuka Sandaruwan

## PROFILE SUMMARY

Hi there, I am Tharuka Sandaruwan, a devloper who has lots of interest in web deveopment with specialization in front end and back end development, UI/UX design and WordPress. HTML, CSS, Figma and proficient in JavaScript, React.js besides graphic designing; dedication in embracing aesthetic and functional websites.

Hard working and a fast learner, I regularly exercise the skills and knowledge acquired by practical application. Some of my personal works are portfolio website, an e-commerce site and a travel site, which are designed aesthetically as well as are functional.

I pride myself with excellent verbal and written communication skills as I am a good problem solver, good timekeeper and team player. In my leisure, I like programmes involving coding apart from photography, learning different cultures and embracing the artistic side of me by designing graphics and videos.
